

Appl. No. 10/065,189
Amdt. dated November 23, 2004
Reply to Office action of October 27, 2004

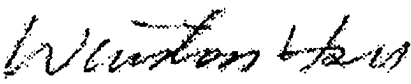

REMARKS/ARGUMENTS

Claims 1, 6 and 7 are rejected under 35 U.S.C. 102(b) as being anticipated by Chen (5,424,567). Claim 2 is rejected under 35 U.S.C. 103(a) as being unpatentable over Chen in view of Choi et al. (5,936,887). Claims 3-5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

In reply to this, claim 1 has been amended. The limitations in claim 3 that are found allowable by the Examiner have been added into claim 1. Claim 3 is accordingly canceled. No new matter is introduced. Reconsideration of the once-amended claim 1 is therefore respectfully requested. As claims 2, 4-7 are dependent upon the once-amended claim 1, they should be allowable if claim 1 is allowed. Reconsideration of claims 2, 4-7 is therefore politely requested.

Applicants respectfully request that a timely Notice of Allowance be issued in this case.

Sincerely yours,

Date: November 23, 2004
